

# All We Know

Rod Wave

Life of the rich and famous, life almost fixed and dangerous  
Young niggas runnin' wild, you better keep your stainless  
These days it's hard to smile, these jits is filled with anger  
This life shit get foul, your friends turn into haters  
I was just on my grandma porch without a pot to piss  
Praying a nigga spin my block with his Glock and miss  
I had a monkey on my back, ready to start some shit  
I had the world on my shoulder, forty on my hip  
Mama screamin' get a job, lil bro screamin' get a mask  
And a strap, rob every nigga claim he got a sack  
While in class, I felt so uncomfortable and out of place  
On that gas, don't nobody know it but I'm outer space  
Locked up with Lil JB right before he went to prison  
Said In the morning I'll be direct filed and I'll be sentenced  
And the crazy thing about me Wave, is I wouldn't do it different  
See the crazy part about it Wave, is I'm fresh out them trenches  
So from the cradle to the grave I remain a menace  
I was taught that if he play, we go to war with all them bitches, I swear  
(We go to war with all them bitches I swear  
We load them K's and go to war with all them bitches)

All we saw so it's all we know-oh-oh  
Had it hard so it's all we know-oh  
Who's to blame when that's all you know-oh-oh-oh-oh  
Hard to change when that's all you know-oh  
All we know-oh, all I know-oh  
All we know-oh, it's all we know-oh  
Who's to blame when it's all you know-oh  
Hard to change when it's all you know-oh  
All you know

How the hell we 'posed to change when all we know is get a bag?  
Mama told me young nigga get up, get off your ass  
So I went pokin', started schemin', lookin' for them racks  
But on that mission, shit got risky and he fuckin' crashed  
High speed or foot-chase, yeah I'ma do the dash  
Headfirst 'cause they used to put a nigga last  
And now he movin' hella work, smellin' like the trash  
He all in, stay on go, his foot stay on the gas  
Rod came in driftin' on this beat so I just caught his wave  
I'm back out here up on my feet but I was stuck off in the cage  
Just like a rat I'm runnin' to the cheese but I'm in a maze  
Say how the fuck you 'posed to change and all you know is gettin' paid?

All we saw so it's all we know-oh-oh  
Had it hard so it's all we know-oh  
Who's to blame when that's all you know-oh-oh-oh-oh  
Hard to change when that's all you know-oh  
All we know-oh  
All I know-oh  
All we know-oh  
It's all we know-oh  
Who's to blame when it's all you know-oh  
Hard to change when it's all you know-oh  
All you know
