I remember when we didn't have shit, yeah, but now we shine  
You gotta forgive me, yeah, if you feel I'm too much  
Please forgive me, you gotta forgive me, yeah, woah

And it was all a dream, tryna get it out the mud  
On the North with Lil Kareem, tryna kick it with the thugs  
'Member way before the rapping, in my cell, feeling stuck  
In my feelings, tryna figure out if I'd see 21  
'Member stolen car crashes just to end up on the news  
Now it's trip to Calabasas and I brought the whole crew  
Me and Sean seating at a table, plotting, tryna make it  
Daddy went to prison, mama trippin', we got separated  
You know it's RIP Lil Bang, I wish I ain't feel this pain no more  
Gave Lil Chaz a dub, that thug shit don't feel the same more  
You know it's rest in peace and free all my niggas, Reem, call me, nigga  
When you come home, we gon' ball, my nigga  
'Til we fall, my nigga
