

Calling

Rod Wave

(Pipe that shit up, TnT)
On my sad boy shit, you know what I'm talking about
I'll be straight forever
I just be telling 'bout my pain and shit, you know?
I ain't really, ya' know what I'm sayin'
I just be thinking, reminiscing 'bout that shit
(Ayo, Dzimi)
Numb the pain with the money
You know what I'm sayin', I don't feel pain, too much money
I learned how to not though, you know what I'm talking about?
Uh, okay

Calling, every now and then I hear it calling, yeah
I came so close to falling
Numb the pain with the money and went all in, I'm all in
I'll be alright (Alright, baby, alright)
I'll be alright (Yeah, yeah)

Look, uh, I was broken down at the bottom, hard to believe in me
Never say forever if you gon' give up so easily
Scared to be alone, I left because you kept on leavin' me (You kept on leavin')
Went and chased my dream and seen my soul, what you couldn't see in me (What you couldn't see in me)
I had one tear for you left, said you'd be here, but you left
Deal with my pain all alone, walk through that rain by myself
I'll take my lick all alone, I ain't asking for help
I'll forever live on, that's when you should of cared
Broken-hearted, forever broken-hearted
Sorry, but I ain't sorry

Calling, every now and then I hear it calling, yeah (Calling)
I came so close to falling
Numb the pain with the money and went all in, I'm all in
I'll be alright (Yeah, yeah, yeah)
I'll be alright (I'll be alright, I'll be alright, I'll be alright, alright)
Calling, every now and then I hear it calling, yeah
I came so close to falling
He'll be alright, you'll be just fine, you'll be alright

Alright (Yeah)
I'll be alright (I'll be alright, I'll be alright, I'll be alright, alright)
