

# Chip On My Shoulder

Rod Wave

Mmm, mmm...

Remember, I was a small child, we would play  
That was way before the drama I endured, and the pain  
Mama had already told me there'll be days when it rains  
But lately, it's been crazy hurricanes  
And this life we live is strange, I've been lost since I was young  
'Member pops had went to prison, that's when we was low on funds  
Mama said I have this chip on my shoulder, that's forever  
Seen them close the casket on Deja, we grew up together  
Then X told me play it safe, three days later he was murdered  
Got me on my knees, I'm askin' God what's my purpose  
I pray that before I leave I leave my heart in these verses  
'Til then I'll lay in this bed and repeat thoughts in my head

Mama told me when it rains, it be pourin'  
Mama told me it would rain, but it's stormin'  
I got this chip on my shoulder forever  
I got this chip on my shoulder forever  
Mama told me when it rains, it be pourin'  
Mama told me it would rain, but it's stormin'  
I got this chip on my shoulder forever  
I got this chip on my shoulder forever

Mmm, mmm...

I got this chip on my shoulder forever  
I got this chip on my shoulder forever and ever
