

Crazy

Rod Wave

Ain't it fun? Ain't it fun?
Living in the real world
What works for you might not work for me
I dropped everything, went and chase my dreams

They thought I was crazy
They thought I was crazy
You thought I was
Crazy
But I'm not
Oh, I'm not
Crazy
Yeah, I'm not

Walk in inside the dealer, people look at me weird
Like I ain't supposed to be here, probably the richest one here
I got too many cribs, I only stay for a year
And then it's back on the road, across the globe doing shows
Across the globe doing shows, I live a rockstar life
Never did coke in my life but I put dope in my Sprite
Yeah, I put dope in my Sprite to ease my pain
So much came with this fame, but I just gain and maintain

I just gain and maintain, won't catch Noonie complaining
I got that shit off the pavement, I walk to school while it's raining
Punching the clock feel like slavery
Can't believe that I made it
If you got dreams, young nigga you gotta chase it

Ain't it fun? Ain't it fun?
Living in the real world
What works for you might not work for me
I dropped everything, went and chase my dreams

They thought I was crazy
They thought I was crazy
You thought I was
Crazy
But I'm not
Oh, I'm not
Crazy
No, I'm not
