

## Fall Fast In Love

Rod Wave

Chris, you idiot, look at what you did  
Yeah (T-Turn me up, Fivee)  
Uh-huh, uh, uh, uh-uh, uh  
Mm-mm-mm-mm-mm  
Look, look, mm

Did you come here to save me, or did you come to betray me?  
Been feelin' unlucky lately  
Tell me what's up, my baby  
I been through a lot of trauma, my exes might think I'm crazy, mm  
I'm just a realist, probably the realest  
And you know I wrote this song to make you smile, can you feel it?  
Uh-huh, uh, uh, and I won't judge you, you don't judge me, don't thug me  
If I pop this Perc' and beat you down, you might love me (Grrah)  
Since back in the day, been thuggin' (Yeah)  
You know I got love for my auntie  
Barbados with my momma, so I thugged it with my cousins  
You know my family showed me tough love  
Don't play me like I'm crazy  
I come out that bottom, baby  
And I made it out it, baby  
You give me a week, I'ma be in lust  
You give me a month, I might be in love  
I wrote you a letter, "Do you like me? Yes or no?"  
I bought you a ticket, when your flight leave, let me know (Uh, uh, uh)

Fallin' fast in love, it's never been a safe thing  
Are you fallin' fast enough?  
They'll tell you that we're crazy  
If you're not scared (Uh, uh, uh)  
Yeah, I'll be right here (Uh, uh, uh, uh)  
Fallin' fast in love, it's never been a safe thing

Uh, uh, it's never been a safe thing  
Uh, hold on

Damn, I hate relationships, what we goin', tit-for-tat?  
Everytime them niggas sent some shots, you know we sent it back  
Everytime them niggas spinned on us, you know we spinned it back  
'Til we started spinnin' first  
Then we started spinnin' worse  
And I don't want no messy shit, don't even wanna get into that  
I sent you a letter, baby girl, could you send it back?  
Yeah, she had my heart for a lil' minute, but she won't give it back  
And when I get it back  
I might give it to you  
Give it to you  
Give it to you

Fallin' fast in love, it's never been a safe thing  
Are you fallin' fast enough?  
They'll tell you that we're crazy  
If you're not scared (Uh, uh, uh)  
Yeah, I'll be right here (Uh, uh, uh, uh)  
Fallin' fast in love, it's never been a safe thing

Uh, uh, it's never been a safe thing

Uh, hold on
