Would you take me home?  
Right back where you left me  
Would you take me home?  
'Cause there ain't nothin' left here  
'Cause I been waitin' for your love  
'Cause I been waitin' on ya, waitin' for your love  
'Cause I been waitin' for ya, waitin' for your love  
You got me waitin' for ya, waitin' for your love

Thinkin' to myself all alone, thoughts in the dark  
God, please help me heal my heart (Uh)  
In an imaginary world, we ran off alone  
Find love and nothin' ever tear us apart  
At eighteen, I left my family and ran off alone  
Tryna start a family on my own  
You've got scars, I got scars, enough for us both  
But tell me, am I chasing a ghost? (Uh)

And if I could go to your show  
I'll be runnin' 'round (Yeah, yeah)

And if they sold your picture in the mall (Uh)  
I would buy 'em all, put 'em on my wall  
Some might say, I'm not your speed  
Might even say you're out of my league, mm  
So many flaws and insecurities (Oh)  
Forever yours, sincerely  
For a chance, tell me what I got to do  
'Cause I would do it all for you  
Spend a M or two, might hit the gym for you  
Get slim for you (Uh)  
Can't get you off my mind and out of my head  
So I wrote you a song, play it while you're alone

And they might say that I don't have a chance  
But that's where they're wrong  
I hope that they're wrong  
'Cause I got plans (Plans), give me your hand (Oh)  
How long will it take for you to understand? (Oh)  
I'm your biggest fan, I'm your biggest fan  
Oh, oh (Baby), yeah  
Yeah, I'm your biggest fan (Baby, baby)  
Oh, oh  
Oh, oh  
I'm your biggest fan (Baby, baby)

Right back where you left me  
Would you take me home?  
'Cause there ain't nothin' left here  
'Cause I been waitin' for your love  
'Cause I been waitin' on ya, waitin' for your love  
'Cause I been waitin' for ya, waitin' for your love  
You got me waitin' for ya, waitin' for your love
