Ohh these niggas wanna be Wave
Ohh these niggas wanna be Wave

Since December, I been wavy like the swimming pool
You can ask my momma, since middle school I been a fool
And I'm Gucci gangster, cause I get em' by the end or two
Niggas bought the slippers, cause they can't afford the tennis shoes
ATR for life, I'm a gang member general
Nigga play with Wave then we gone, uh-uh, come get at you
Nigga play with Wave then we gone, uh-uh, send for you
Just don't say my name when you get, uh-uh, interviewed

Free my niggas doin' time, January to January
January to January
I been out here on my grind, January to January
January to January
Free my niggas doin' time, January to January
January to January
I been out here on my grind, January to January
January to January

Look, January to January
We became legendary
Told em' last February, that my hustle necessary
For my niggas locked down, Christmas ain't very merry
Locked up year round, like Big Reem and Perry
Free all my niggas locked down since the Frito Lay
And free Lil Reem, if I call him, you know he gone spray
Whoадie be running with the K like he on GTA, whoадie be running with
the K like he off GTA
I bought Glocks, I rock out broad day
Fore you got books you was on that boy you comin' home shit
But you got books you was on that stop callin' my phone shit
But I swear I got you, forever my partner
Just stay strong jit
I own this road, we doing shows, I got my own shit

Free my niggas doin' time, January to January
January to January
I been out here on my grind, January to January
January to January
Free my niggas doin' time, January to January
January to January
I been out here on my grind, January to January
