

## Mile

Rod Wave

Hey, sorry I missed your call uhm...  
I'm just calling you back to, uh...  
To let you know that uh...  
I love you and I miss you...

Girl you shouldn't be messin' with me  
Girl you shouldn't be stressin' bout me  
You got better things to do with your time than  
Invest it in me  
Don't give me an inch, cause imma take a mile baby  
Everything I'm feelin' just for now baby  
I can't love you I'm already scarred baby  
Don't you love me, imma break your heart baby

It'll be over before it even start baby  
I can't love you I'm already scarred baby  
I can not come fix your broken heart baby  
Cause my heart been ripped apart baby  
I've been hurt before  
And everything you've said I've heard before  
You say you everything I'm searchin' for  
But truth be told, I don't search no more  
I've take to many trips, from a relationship  
On the road doing shows  
Working on my career  
In these streets week to week  
I could not miss a beat  
I got places to be  
Till my vision is clear  
Sorry I can't be the man of your dreams  
Sorry can't be who you need me to be  
Sorry this dog is too free for a leach  
Your too perfect for me  
Its easy to see

Girl, you shouldn't be messin' with me (with me yeah!)  
Girl, you shouldn't be stressin' bout me (about me yeah!)  
You got better things to do with your time than  
Invest it in me  
Don't give me an inch cause imma take a mile baby  
Everything I'm feelin' just for now baby  
I can't love you I'm already scarred baby  
Don't you love me imma break your heart baby
