

# Misunderstood

Rod Wave

Yeah am for real...  
...fuck it...  
A-a-and it that soldier shit you know I'm saying...  
You major baby

Now this one for the pain that I felt over the years  
This shit ain't been the same ever since a nigga was lil  
Be too much on my brain make me wanna shed a tear  
I be tripping, reminiscing but I'm thankful I'm still here  
And I'm so misunderstood this the real soldier shit  
I never thought I'll see the day where I could go legit  
I was just on a stroll with my cuzzo tryna flip  
Sell over 30 minutes he said 'You need more than this'

Cause we swangin better have your fire  
I got my fire, this shit be dangerous  
I woun't tell no lie before I die I'll go out banging  
Just tryna survive but this is the life of a gangster  
It be hard to believe that I made it this far  
Made it when it was raining, boy that shit there left me scarred  
Often reminiscing about dasia, that shit hurt me to my heart  
No trauma auntie crazy cause she died right in her arms

And I made it to the funeral but wishing that I didn't  
I been dreaming about that casket ever since I seen her in it  
I ain't tryna see no casket, I ain't tryna see no sentence  
My bitch don't understand me and my family in they feelings  
They say I might win a Grammy fuck a Grammy I need a million  
It hurt me that I hurt you can't believe the way I did you  
I really thought that we'll be married move away and have some children  
And I can't even explain it, that shit be crazy

And I'm so misunderstood if I could ooh, then I would  
But I don't get it, I admit it  
Pain that I'm feeling, make me wanna cry sometimes ooh  
It make me wanna cry sometimes yeah uh

And I'm so misunderstood If I could then I would  
But I don't get it I admit it while reminiscing  
It make me cry sometimes, ooh oh  
Lord knows I cry sometimes

That real soldier shit though, you know that-that  
That pain shit don't go no where like you know what I'm saying  
But sometimes I be in my feelings about this shit  
Am forever a soldier to soldier life, you know I'm saying  
Thug to the bone, you know I'm saying
