

My Love

Rod Wave

Ayy-ayy-ayy-ayy, ayy, that's probably Tago
Yeah, yeah, yeah
Uh, uh, ayy, yeah
Look, look, Yung Tago on the beat
Yung Tago on the beat
Look, uh, look

What's the point of life if you can't enjoy it?
One of a kind, I can't ignore it
Sippin' codeine, now it's lean in my toilet
Bad lil' bitch, she'll be gone by the morning
And even though I had fun
We both know you're not the one
'Cause her lips and her touch, uh
I can't get enough of

No one can do what you do, my love
No one can do what you do, my love
No one can do what you do, my love
No one can do what you do, my love
No one can do what you do, my love
No one can do what you do, my love
No one can do what you do, my love
So do what you do, my love

No one do what you do
No one move how you move
No one love how you love
It make my fantasies true
Can't no one do what you do
Ain't no one true how you true
Come pretty as they come
But baby, they still ain't you
You're out of my presence but still on my mind
Make every time feel like the first time
Out of my presence but still on my mind
Every time feel like it's the first time

What's the point of life if you can't enjoy it?
One of a kind, I can't ignore it
Sippin' codeine, now it's lean in my toilet
Bad lil' bitch, she'll be gone by the morning
And even though I had fun
We both know you're not the one
'Cause her lips and her touch, uh
I can't get enough of

No one can do what you do, my love
No one can do what you do, my love
No one can do what you do, my love
No one can do what you do, my love
No one can do what you do, my love
No one can do what you do, my love
No one can do what you do, my love
So do what you do, my love

Do what you do, my love

Do what you do, my love
Do what you do, my love
Do what you do, my love, oh yeah
Ayy, yeah, hah
Brrr
