

# Pass You By

Rod Wave

Me personally, I've always been the one to encourage my friends to chase their dreams, like  
You know what I'm saying?

Get to thinking 'bout Eeshan, your time finally here  
Miss Bridges told me she miss Daijha, I could've shed a tear  
My cousin wrote me and told me he love to see me live  
Been gone for twelve summers, locked up eleven years  
And brighter days are ahead, see it clear  
Sometimes it be like that, keep going  
You only get one life to live, it's alright to heal  
Stop looking backwards and move forwards (Yeah, yeah)

Nothing's promised in this life, you could leave any day, any day  
And who the fuck made up hard times anyways? Anyways, anyways  
Gotta reach for the stars, reach for the sky  
You can't be stuck on the past when your future is bright  
You gotta patch up your pain and live your life  
Can't let it bring you down, don't let it pass you by  
It'll pass you by, don't let it pass you by (Youngin)  
Can't let it pass you by, don't let it pass you by  
Don't let it pass you by (Youngin), don't let it pass you by

Skip school, causin' drama, I'm so sorry for it, mama  
I tried to do it right, but it was hard times in that bottom  
I was broke sleepin' on that couch, my brother hit that lick without me  
It's okay, my time comin', one day, I'm gon' be shinin'  
Thankful we ain't buy the dreams they sold us  
Now we ridin' through that bottom with the doors up  
My lil' cousin grab the mic, I hope he blow up  
Front my youngin twenty bags and tell him grow up, 'cause-

Nothing's promised in this life, you could leave any day, any day  
And who the fuck made up hard times anyways? Anyways  
You gotta reach for the stars, reach for the sky  
You can't be stuck on the past when your future is bright  
You gotta patch up your pain and live your life  
Can't let it bring you down, don't let it pass you by  
It'll pass you by, don't let it pass you by  
Can't let it pass you by, pass you by (You only get one life to live, you know what I'm sayin'?)  
Let it pass you by (Don't waste your shot, you heard me?), don't let it pass you by

Yeah, whatever, whatever you got love for, you know?  
You never know  
Shit, might be tomorrow, it might be next year, it might be the next year, man  
Do that shit, man
