Pull Up

Rod Wave

I mean, last time I went on tour
Yeah, but you know I ain't your average nigga, so you know I'ma be
And your friends, you be sittin', I be movin', shawty
I be here, there, but
But you can't blame me 'cause you already know what time it is

You know what it was to begin with, girl
I know you hate when I go missin', girl
It ain't my fault, I just be busy, girl
Since I ain't see you in a minute, girl
I think you should
Pull up, pull up, pull up, ayy
Girl, you should pull up, pull up, pull up, ayy
Girl, you should pull up, pull up, pull up, ayy
Girl, you should pull up, pull up

Hello?
Hello
Hello?
Where you been at?
What you mean where I been-
C'mon man, don't even start all that
Hello?
Hello?
What up?
When I'm supposed to see you?
I mean, I'm in, I'm in town for the next two days, shit come see-
You know where my grandmama stay at, pull up
Alright, I'm finna come
Alright

The way that I'm living really got you feeling as if I do not fuck with you
But really I'm different from all of your niggas, I really be busy, I got sh
it to do
I come out the trenches, a nigga ain't gave me a penny, I gotta get out and
make moves
In and out the city, gotta go and get it
It ain't enough time for me and you
But I'm in town for the weekend
Girl, I been thinking
Instead of, "Let's be friends," you should dive in the deep end
You should pull up to my house
I'ma take a little time out
You should take a little time off
I'ma show you what I'm 'bout, ayy

You know what it was to begin with, girl
I know you hate when I go missin', girl
It ain't my fault, I just be busy, girl
Since I ain't see you in a minute, girl
I think you should
Pull up, pull up, pull up, ayy
Girl, you should pull up, pull up, pull up, ayy
Girl, you should pull up, pull up, pull up, ayy
Girl, you should pull up, pull up, ayy
