Richer

Rod Wave

The lotta fight I've been in
Ooh, ooh, mm (Ayy, Pluto, go brazy)

Niggas ain't gettin' no money, tell them quit that cappin' (Mmm)
Niggas ain't gettin' no money, tell them quit that cappin' (Mmm)
Yeah, in this bitch relaxin', leave me, did your taxes (Oh yeah)
We went triple platinum, I don't wanna hear no naggin'
Uh, uh, uh, uh, uh, made it happen
Youngin' out that bottom, but he made it happen (Yeah)
I don't wanna make new friends, point me to my ends
Who he think he is in that brand new Benz?
They should've knew I was comin'
Since a lil' youngin', I knew I would get me some money (Skrrt)
Know I'd turn nothing to something, I look at your cousin (Grr)
The youngin', six million and runnin'
And I promise to keep it one hundred, keep it one hundred
You see me grindin' and hustlin'
So, you got to respect me, fuck you, give me my check, please

Young and chasin' dreams, reachin' for the stars (What else?)
Be all you can be, eat or you gon' starve (What else?)
He youngin' out that bottom, but he beat the odds (Yeah, yeah)
I ain't gon' lie, I had it hard (Yeah, yeah)

But now I'm richer than I've ever been (What else?)
I'm richer than I've ever been (Yeah)
I'm richer than I've ever been
I'm richer than I've ever been (Ever been)
He richer than he ever been

Richer than ever, whippin' a Tesla, cars, hoes, etcetera
Hit him with pressure, my niggas won't let up
Tell them niggas to catch up, oh
Wake up, got a million in diamonds that sit on the dresser, oh
Run up that check, now I flex with my muscles, feel like a wrestler
'Cause we come from nothin', the Rollies are plex
Fake love, you was holdin' them back
Flashbacks while you're pourin' the yak
Since a young nigga, he just want him to sign
Used to daydream 'bout thumbin' through them racks
He tuck, it get cold in the 'Raq
Tears fall while he loadin' the strap
Seen it all, he just wanna relax, uh-uh
I'm richer than I ever been
Put my heart before the bag, worst shit I ever did
Gave you a second chance and you left again
And them days I used to wonder where we ever went

Young and chasin' dreams, reachin' for the stars (What else?)
Be all you can be, eat or you gon' starve (What else?)
He youngin' out that bottom, but he beat the odds (Yeah, yeah)
I ain't gon' lie, I had it hard (Yeah, yeah)

But now I'm richer than I've ever been (What else?)
I'm richer than I've ever been (Yeah)
I'm richer than I've ever been
I'm richer than I've ever been (Ever been)

He richer than he ever been, ever been, ever been

Uh-uh, uh, uh, mmh (Yeah)
Grr
