Rod Wave

(Pipe that shit up, TnT)  
These mixed signals, mixed signals, they're killing me  
I don't know what you want, but I know what I need  
The 'goodbyes', the 'hellos', the 'I need you' 'no I don't'  
Every time I start to close the door, you knock and I let you in  
Loving you is my greatest sin  
Loving you is my greatest sin  
Loving you is my greatest sin  
Yeah, yeah  
Look, uh

Sorry I missed your call, I was on a jet  
I been so zoned out, tryna figure out what's next  
So scared to fail, I'm calculatin' my every step  
Gotta watch my back and keep my strap, but nonetheless  
I think about you when I'm gone (Yeah), wishing I could hold you  
Probably home, wishin' someone come and love you how they 'posed to  
And I hope you see this letter 'fore it's too late (Yeah)  
I hope chasin' my dreams don't get in the way  
I blame my struggles and my uncles for my hustlin' ways  
I'm way in Michigan right now, lookin' at real estate  
Lord knows I wanna lay ya down but I'm chasin' cake  
Can't go back broke, stay on the go, that's all that's on my brain

She tell me fuck you, I hate you, then I love you, can't blame you  
She say I love you, but don't trust you, can't change you  
I just hope we don't end how they do  
Crash and burn on The Shade Room

Street runner, gotta stop running sometimes (Yeah)  
I'm in your city tonight (Yeah)  
And these lights (These lights), make me feel so inspired (Yeah)  
Going higher and higher and higher (Yeah, yeah)  
Taking me higher (Taking me higher)  
Higher and higher and higher (Yeah, yeah)

Hey, I'm kinda glad that you didn't pick up  
I kinda just called to hear your voice, so  
Your voice recording was enough  
Ugh, I should hang up, what am I doing? Um  
So uh, I feel kinda dumb, but uh  
I miss you, I've been thinking about you  
I've been thinking about our love and how much I miss your touch  
I miss being around you, hearing your laugh and holding your hand  
I think of you every day  
I hope and I wish that you're doing okay  
I want us to go back to the old days  
Because, I miss you, and I just thought of you, so I thought I'd call you  
To tell you that you cross my mind and I took that as a sign, that I should  
call and say hi  
So that's all, hi  
I hope you don't think I've lost my mind, I hope you don't think I'm crazy  
This message is getting long so I just say bye, but  
The idea of you listening to this, the thought of you  
I can't hang up  
I'm in your city tonight  
And these lights make me feel so inspired

Going higher and higher and higher
