

## Get Swept

Roddy Ricch

Had twenty cash at the spot  
Had to stash twenty cash at the spot  
Started little but I made it to a lot

Had to stash twenty cash at the spot  
We done started from a little made a lot  
I pull a whip, bust the whole parking lot  
Pay attention to detail, album up pre-sale  
The Rolex factory, I bought it retail  
They tell me all the time I got to give these niggas hell  
The projects treat me like a God in the flesh  
They just tryna survive  
They ain't tryna get swept

I told her that it's promises that shorty could've kept  
I can charge it to the game  
I can slide you to the left  
Got adjusted to the fame and it ain't no looking back  
But they always knew me, this a Roddy routine  
Had to jump off the porch  
Now I put the Porsche in sport  
Pull up to the crib, gate tall like a fortress  
She a work of art, body look like a portrait  
I never force it, I just endorse it  
Keep a lot of motion, my water OD  
Slide up in Atlanta, riding down Peachtree  
Pull up all the vibes, make a lounge out the suite

Had to stash twenty cash at the spot  
We done started from a little made a lot  
I pull a whip, bust the whole parking lot  
Pay attention to detail, album up pre-sale  
The Rolex factory, I bought it retail  
They tell me all the time I got to give these niggas hell  
The projects treat me like a God in the flesh  
They just tryna survive  
They ain't tryna get swept

I tried to tell these niggas the benefits of going legit  
These championship rings on the top of my fist  
What you know about taking all yo niggas to the top of the list  
And then they ride ya coattail but if you drop you ain't shit  
Whoa, whoa  
And I got a soul that bleeds all these melodies, yeah, yeah  
My mama said she see the demons on me  
So I got to stay out of her way  
When it's stains on your name you can't wash it out  
Been at the trap house all day like a waffle house  
'Cause I been having a lot of pain I had to walk it out  
I don't want that shit to be the only thing I talk about

Had to stash twenty cash at the spot  
We done started from a little made a lot  
I pull a whip, bust the whole parking lot  
Pay attention to detail, album up pre-sale

They ain't tryna get swept  
They ain't tryna get swept  
They ain't tryna get swept, ay
