

## Fine By Me

Rodney Atkins

Trailer park, parked way out in the holler  
Mansion on a hill, houseboat on the water  
Hillbilly bussing like a rolling stone  
Stay home, go to town on a beer can budget  
Back road in a Benz or an ol' rust bucket  
Sippin' on sunshine, spitting out gold  
Set me on fire baby, soothe my soul

Fine by me  
Fine by me  
High on you like truck stop speed  
Couple love birds in a hickory  
I could stay right here with ya, never leave  
Fine by me  
Fine by me

Rooster in the hen house  
Chicken in the dumplings  
Front porch pickin'  
Back yard full of young uns  
Sun settin' down on the Powell Valley Ridge  
If life don't get no better than this

Fine by me  
Fine by me  
High on you like truck stop speed  
Couple love birds in a hickory  
I could stay right here with ya, never leave  
Fine by me  
Fine by me

Ohhh look at you sittin' there lookin' so fine by me  
Ohhh look at you sittin' there lookin' so fine by me

Fine by me  
Fine by me  
High on you like truck stop speed  
Couple love birds in a hickory  
I could stay right here with ya, never leave  
Fine by me  
Fine by me  
Yeah baby that'd be fine by me  
Yeah baby that'd be fine by me
