

# As Long as There's a Shadow

Roger Miller

As long as there's a hill there's a valley  
As long as there's a valley then the river can flow free  
As long as there's a sun there's a shadow  
As long as there's a shadow there's a place for you and me

A secret place to run and hide  
A secret love can't be denied  
A secret place that no-one knows  
But you and me and the lonely breeze that blows

As long as there's a hill there's a valley  
As long as there's a valley then the river can flow free  
As long as there's a sun there's a shadow  
As long as there's a shadow there's a place for you and me

Ah, talk to me guitar, tell me something I don't know

A secret place to run and hide  
A secret love can't be denied  
A secret place that no-one knows  
But you and me and the lonely breeze that blows

As long as there's a hill there's a valley  
As long as there's a valley then the river can flow free  
As long as there's a sun there's a shadow  
As long as there's a shadow there's a place for you and me
