

# I Ain't Gonna Work No More

Roger Miller

Well I quit my job and I told my boss  
I ain't gonna work no more  
Every day's gonna be my day off  
I ain't gonna work no more

Oh I'm tired of bein' just one of the bunch  
Getting up early, packing up for lunch  
I'm gonna sleep for the next six months  
I ain't gonna work no more

You can take my house and take my car  
I ain't gonna work no more  
I'm gonna find out who my real friends are  
I ain't gonna work no more

I say I'm tired of bein' just one of the bunch  
Getting up early, packing up for lunch  
I've been poor before, more'n once  
I ain't gonna work no more

Yeah there ain't no kinda job I'm gonna find  
I ain't gonna work no more  
I ain't gonna work a big car line  
I ain't gonna work no more

Yeah I'm gonna put the world on hold  
Throw out the paddle, roll with the boat  
I'm gonna leave 'em with a two word note  
I ain't gonna work no more
