

# I Get Up Early In The Morning

**Roger Miller**

When Christopher Columbus returned to Spain  
The wise men asked him would you please explain  
How'd you know the world was round he said I used my brain  
And I get up early in the morning

Well get up and get up when the sun comes up  
Don't lay there dozin' like a lazy pup  
Health and wealth will overflow your cup  
If you get up early in the morning

Andrew Jackson fought the British down in New Orleans  
And he sent them runnin' through the turnip greens  
When they wondered how he did it he said were just mean  
And I get up early in the morning

They asked Casanova uh man what you got  
That makes all the women think that you're so hot  
He said well my little secret boys believe it or not  
Is I get up early in the morning
