

You're A Part Of Me

Roger Miller

(This is a song called a part of me)
You'll always be part of me just like the wind that blows his part
Of every storm that fills my heart
You'll always be the light that shines and guides me through the lonely nights
That you have left me here, the tears won't start

You're part of me like kisses are a part of love
You'll never leave my memory long enough to see me cry
You'll always be green pastures between the rocky roads I travel on
Our love won't die

You'll always be part of me as surely as the waves will touch the shore
You'll brush my heart
You'll always be the one I love no matter if it be a lonely day or night
My tears won't start
You're part of me like robins are a part of spring
You'll always be a part of me at least in memory
You'll always be today for me because they say tomorrow never comes
You're part of me, you're part of me
