

Keep It Movin'

Roger Sanchez

Baby say my name
Tell me that you're mine
Love so divine
Keep it movin'

I didn't come here looking for love
But baby boy there's something in the way that you touch
My body when we dance
Gave my heart another chance
Now I can never give you up

So exciting
Let's go all night
Mmmmm let's ride it
I got an appetite
For your loving
Come satisfy
Until the music ends
Make me feel it all again

Baby say my name
Tell me that you're mine
Love so divine
Keep it movin'

Baby say my name
Tell me that you're mine
Love so divine
Keep it moving

Baby say my name
Tell me that you're mine
Love so divine
Keep it movin'

Baby say my name
Tell me that you're mine
Love so divine
Keep it movin'

I didn't come here looking for love
But deep inside your eyes I felt my world open up
We've only just begun
But I know that you're the one
Who'll take me to a place high above

So exciting
Let's go all night
Mmmmm let's ride it
I got an appetite
For your loving
Come satisfy
Until the music ends
Make me feel it all again

Baby say my name
Tell me that you're mine

Love so divine
Keep it movin'

Baby say my name
Tell me that you're mine
Love so divine
Keep it movin'

Baby say my name
Tell me that you're mine
Love so divine
Keep it movin'

Baby say my name
Tell me that you're mine
Love so divine
Keep it movin'

Baby say my name
Tell me that you're mine
Love so divine
Keep it movin'

Baby say my name
Tell me that you're mine
Love so divine
Keep it movin'

Baby say my name
Tell me that you're mine
Love so divine
Keep it movin'

Baby say my name
Tell me that you're mine
Love so divine
Keep it movin'
