

Absolutely Anything

Roger Taylor

Ah anything
Ah ah ah ah anything
Absolutely anything
And everything is true
Mad and bad and funny things
All there for me and you

Ah anything (absolutely anything)
Ah ah ah ah anything (absolutely anything)
Absolutely anything
For you

I would give you everything
It's in my power to do
Shiny pointy funny things
A thousand pairs of shoes

Ah anything (absolutely anything)
Ah ah ah ah anything (absolutely anything)
Absolutely anything
For you

If it should happen that I please you
You know I'd do it all for free
Then I might dare think you might care
Someday, one day for me

And then again if you should leave me
I'd stand aside and let you free
For any man would want to be me
Knowing for a while you really cared for me

Ah anything (absolutely anything)
Ah ah ah ah anything (absolutely anything)
Absolutely anything
For you
