

# Future Management

Roger Taylor

You won't need nobody else but me...  
You'll find  
I'm gonna invite you to try my machines  
Programme an offer you just can't refuse  
I'm gonna invite you to share all my dreams  
You've got nothing to lose

You won't need nobody else but me...

You'll find  
I'm gonna invite you to try my machines  
Programme an offer you just can't refuse  
I'm gonna invite you to share all my dreams  
You've got nothing to lose

Recycle your thoughts  
I'll rewire your mind  
I'll punch in some new points of view  
To make sure you find  
You've got nothing to lose

You don't need nobody else but me...
