

# Strange Frontier

Roger Taylor

**D** **G**  
Into the shadows from out of the light  
**D** **G**  
into the darkness and into the night  
**D** **G**  
we're off the tracks, we're off the lines  
**D** **G**  
you and me seen better times  
**D** **G**  
now we're on the borderline  
**D**  
can start to smell the fear  
**E** **B** **D** **G A**  
people say it should never happen here  
**D** **G** **A** **D**  
but this is a strange frontier
