

The Execution Of Louis Capet

Roger Waters

In the spring of ninety-two
The Austrians and the Prussians too
Crossed the line
The war had come
The people went to see the King
Reluctantly he let them in

And over tea they said that
He must choose one hat

A crown in Koblenz with his friends
Or if he chose to make amends
He might adopt

He might adopt

Their scarlet bonnet

Surprise, surprise, when left to choose
Too late he chose "The Bonnet Rouge"
