

# I'm Not In Love

Roger Whittaker

You gave me love  
When I was young and so afraid  
You gave it me an first fulfilled my need  
I found my place right next to you  
But now it's gone  
What I heard was simply this

I'm not in love with you, at all  
I'm not in love, oh, that's for sure  
So I guess love with you simply goes  
I'm not in love, anymore

You dried the tears I cried  
Because I lost a friend  
You simply said  
That's not what grown man do  
Well we were young and all we had  
We always shared  
This first goodbye, I heard from you

I'm not in love with you, at all  
I'm not in love, oh, that's for sure  
So I guess love with me comes and goes  
I'm not in love, I'm not in love  
Anymore, anymore

I'm not in love, anymore
