Just come on and say you love me  
One more time what you waiting for  
I just got paid I won't be lonely  
So take my hand what you waiting for

I'm a believer, believer, believer, believer, believer

Just come on and say you love me  
One more time what you waiting for  
I just got paid I won't be lonely  
So take my hand what you waiting for

You're so beautiful I can hardly breathe  
Just so beautiful  
You make me believe?

I'm a believer, believer, believer  
I'm a believer, believer, believer  
I'm a believer, believer, believer  
I'm a believer, believer, believer

Just come on and say you love me  
One more time what you waiting for  
I just got paid I won't be lonely  
So take my hand what you waiting for

You're so beautiful I can hardly breathe  
Just so beautiful  
You make me believe?

I'm a believer, believer, believer
