

## The Price We Pay

Rogue Traders

If you wanna ask me what is wrong I can't say  
Feeling bad has never felt this good it's fair to say  
And I'll get by 'cause you remind me that's the price we pay fo  
r love

I'm just happy waiting by myself again today  
Being here reminds me of your smile so I stay  
And I'll get by 'cause you remind me that's the price we pay fo  
r love

That's the price we pay for love
