

Would You Raise Your Hands?

Rogue Traders

I won't dance cause you won't dance
Are you finding it hard cause ya not enhanced
It's really only music after all
Start your own little protest on the floor

You won't dance cause they won't dance
Come on baby come on baby give it a chance

So unplug the jukebox and do us all a favour

Disco rock n roll - it's all the same to me
If I raise my hands would that make you dance?
Disco oh no it's how it's meant to be
If I raise my hands would you raise your hands?

I won't dance cause you won't dance
Keep your dirty looks and your backward glance
Our heads are overloading 'most every day
We're all talking music 'til we're turning grey

You won't dance cause they won't dance
And do you think you need to know the songs in advance?

So unplug the jukebox and do us all a favour

Disco rock n roll - it's all the same to me
If I raise my hands would that make you dance?
Disco oh no it's how it's meant to be
If I raise my hands would you raise your hands?

I want to say to you
These are the best days that you'll have
So would you raise your hands?
These are the best days that you'll have

La la la la la...

Do ya like disco?
Or maybe rock n roll?
I like disco
R O C K

Disco rock n roll - it's all the same to me
If I raise my hands would that make you dance?
Disco oh no it's how it's meant to be
If I raise my hands would you raise your hands?
