

Are You on My Side

Rogue Wave

I'm coming in close in a boat by the lake
I can't propose and I kept you awake
I've looked for your nose unless a mistake (?)
Has been don't matter (?)

Run through checkers and endless designs
Of run down papers and French concubines
Dorian Gray or a rat down the Rhine
Stupid panic

But are you on my side?

I hug the friends, it's just needles and pins
Cavalry's here they just won't let you in
They think that it's Greek when it's Pig Latin
A penned in firefight

But are you on my side?

Are you on my side?

I know you been around
