

Frozen Lake

Rogue Wave

Another day
Another indictment
Who's it now?
How I love the excitement
You perfected your Canadian tuxedo
You act so goth
I been putting it off for you

Am I perfect enough for you?
Am I perfect enough for you?

Well the reason why
I started to say
Is you're living life
On a frozen lake

You pretend that
You really need me
You said you read
I'm the devil's offspring
Fell in love with an alien encounter
The scent of musk
Was more than enough for you

Am I perfect enough for you?
Am I perfect enough for you?

Well I don't even know why
A Satan coffin shape
Your favorite fishing hole
On a frozen lake

Well the reason why
I started to say
Is you're living life
On a frozen lake

Well I don't even know why
A Satan coffin shape
Your favorite fishing hole
On a Saturday
