

## Missed

Rogue Wave

A snapshot of time  
Is just a memory of mine  
I will file it in a vial  
Of denial  
And cast away  
So what's next

I missed your love

Rot on a vine  
Of a time that's left behind  
I could will you to stay  
But I guess you've made up your mind  
So what's next
