

No Time

Rogue Wave

If these are the end of days,
This is where I want to be.
You lick your love wounds so much,
But they are them and they are not me.
When I grab love by the shirt,
Commit to you like I wanted to,
It'd be for all

Time.
There's no time.
Mine.
There's no time,
And you're mine.

I'd go wherever you want,
Long as your beautiful head is there.
Into the forest we'd get,
(into the forest we'd get)
I'd cling to you like the (room is tree[?]),
As long as there's

Time.
There's no time.
Mine.
There's no time,
And you're mine.
There's no time,
And you're mine.

I know I'll never reject you,
I could never forget you I look to you as a sign.

I feel your skin like its calling,
When with you I'm falling into the endness of time.

There's no time, and you're mine.
There's no time, and you're mine.
There's no time, and your mine,
seems to lie in front of,
you,
you.

There's no time,
(and that goes for you)
And you're mine.
(too good to be true)
There's no time,
(and that goes for you)
And you're mine.
(too good to be true)
