

Take It Slow

Rogue Wave

I can tell you stories
If you really wanna know
Living in a secret
It's so hard to let go

You know I try so hard to take it slow
To take it slow
You know I try so hard to take it slow
To take it slow

Battlin' the forces
Awake you in the night
Middle-aged divorces
You promised it's alright

You know I try so hard to take it slow
To take it slow
You know I try so hard to take it slow
To take it slow

You know I try so hard to take it slow
To take it slow
You know I try so hard to take it slow
To take it slow
