Less Is More

Róisín Murphy

A crown upon my head, ten lovers in my bed
A billion in the bank, titles of higher rank
But I want something more

A crown upon my head, young lovers in my bed
But I want something more
A private restaurant serving every dish I want
But I want something more

Maybe this could be the last time I feel the sting
Of what it's like to want everyone and everything
Maybe this could be the last time I feel the sting
It's what it is to want everyone and everything

Give me something, give me something
Give me something, give me something
Give me something, give me something
Give me something, give me something

Maybe this (Maybe this, maybe this)
What it's like (What it's like, what it's like)
Maybe this (Maybe this, maybe this)
What it is (What it is, what it is)

I want
I want
I want
I want
I want
I want
I want
I want

Give me something more
Give me something more
I want something more
I want something more
I want something more
I want something more
I want something more
Give me something more
I want it
I want something more
Give me something more
I want it, I want it
I want something more
Give me something more
I want it
I want something more
Give me something more
I want it, I want it
I want it, I want it
I want it, I want it
I want it, I want it
