Gotta be the middle of a scene
Never could deliver on a dream
Brought up in the middle of a scheme
Never could get clean

You got me wasted
Games, but you played yourself
Rules, let me break this
More than my stupid heart
True that you lace this
Drink, I hold in my hand
Cool, I can take it
More than you understand

You got me wasted
Games, but you played yourself
Rules, let me break this (I belong to you)
More than my stupid heart
True that you lace this
Drink, I hold in my hand
True, I can take it (I belong to you)
More than you understand

Get clean
Get clean
Get clean
Get clean

I like you
I life you
Whenever do you want
I life you
Whatever go wrong
I life you
[?] me, I'm gone
I like you
