Róisín Murphy

The game changed
You changed the game
The game changed
You changed the game

Keep going, you're not alone
I'm taking you back, I'm taking you home
You need to know you're not on your own
You made the love, I'm keeping it going

Keep moving, keep it on
Keep it together, won't you though?
Keep sliding, tippity toes
Everyone knows that I want your body

I thought I knew the way
But you're a game changer
I thought I knew the way
But you're a game changer

Give me the double dip oh trippy dee
This is about to get realer
D'you want me to talk to the man
And negotiate getting it back to the middle?
Hope you can stick up for me
Am I speaking Chinese?
Oh my God, I'm a woman that needs to

Keep a going under control
And now is the time to let you know that
'Cause you're a game changer
Keep a going under control
And now is the time to let you know that

I'm gonna keep on
I'm gonna keep on
I'm gonna keep on
I'm gonna keep on

Yes, you changed the game again
Inventing new ways to drive me crazy
I'm gonna keep on
I could try to raise my game
At the end of the day you always slay me
I'm gonna keep on
Suddenly the game has changed
And you've got he reigns and I'm in trouble
I'm gonna keep on
There she goes again
I mean I won't make a scene
Why you taking cover?

The game changed
I changed the game
You're the game changer
Oh, my love
You changed the game

I'm the game changer
Oh, my love
I changed the game

I thought I knew the way
