

# Plaything

Róisín Murphy

We ain't a thing  
(Nothing, plaything)  
(Nothing, plaything)  
(Nothing, plaything)  
We ain't a thing  
(Nothing, plaything)  
(Nothing, plaything)

Just take me with a pinch of salt  
Break me, don't give a fuck  
Shake me to the very core  
Go and play with me until you get bored

Just play with me till you're get bored  
You're taking me with a pinch of salt  
Just play with me till you're get bored  
You're taking me with a pinch of salt

You, you, you, you came to see every damn thing  
I'm left to contemplate my fate  
What if we ain't a thing?  
And why did you begin  
To try to pull me in?  
It's a fait accompli

Just take me with a pinch of salt  
Break me, don't give a fuck  
Shake me to the very core  
Go and play with me until you get bored

(We ain't a thing)  
Just play with me till you're get bored  
You're taking me with a pinch of salt  
(We ain't a thing)  
Just play with me till you're get bored  
(I'm just your plaything)  
You're taking me with a pinch of salt

I know I mean nothing to you  
Still I can't bring myself to hate  
I got feelings too  
And the feelings true  
And though I see through you  
It's a fait accompli

Just take me with a pinch of salt  
Break me, don't give a fuck  
Shake me to the very core  
Go and play with me until you get bored

(We ain't a thing)  
Just play with me till you get bored  
You're taking me with a pinch of salt  
(I'm just your plaything)  
You're breaking me, don't give a fuck  
(We ain't a thing)  
You're shaking me to the very core

(We ain't a thing)  
Just play with me till you get bored  
(I'm just your plaything)  
You're taking me with a pinch of salt  
You're breaking me, don't give a fuck  
(We ain't a thing)  
You're shaking me to the very core
