

World's Crazy

Róisín Murphy

In our world, all crazy
I could find to see (?) as if
We're the time between the sheets
In our bed are all those hazy
Recollections of our love
That's what I've been dreaming of

I'm in love (?)
Is faint (?)
All my wishes coming true
Do not disturb me

Get a bit of cry
To wake me
But how I am gonna do
When I dreaming dreams of you?

Hey baby
World's crazy

You wake me out
Baby, baby
To far up
Baby, baby
I am in doubt
Baby, baby
Baby, baby
Why 'bout
Baby, baby
Baby, baby

Hey baby
World's crazy
Cry baby
Hey baby

If you could make a world

Oh baby
Where love's a thing to do
And the sky is always blue
I might return
But only maybe
Scared to find that it is true
And someone else is loving you
So let it lie
And please don't wake me
I could sleep one hundred years
Not disturb me
And is not a slide (?)
Into a hazy
Recollection of our love
Ala (?) lately

Hey baby
World's crazy

You wake me out
Baby, baby
Too far up
Baby, baby
I am in doubt
Baby, baby
Why 'about
Baby, baby

Hey baby
World's crazy
Cry baby
Hey baby

World's crazy
