

# All The Time

And you know I'm that boy, I set the paces

I do it all the time (Oi), it's easy (Oi)  
(Oi Wiley, oi Wiley)  
I represent the United Kingdom (You know you're shot for road, innit?)  
Eski, boy (You know you're too shot for road, innit Wiley? Yeah)  
And you know (Bass jump)  
What it represent (Woo)  
It's all music to me (Woo)  
Yeah

It's Eskiboy representing (Eskiboy, Eski)  
And I'm real, boy (And I'm real, real)  
There's no question to me, I'm real (There's no question to me)  
Yo  
Confident  
Yo, yo, yo

I do it all the time, I make papers all the time  
I got people writing lyrics, tryna diss me all the time  
They shouldn't miss me all the time  
Don't impress me with them rhymes, I'm getting better all the time  
I saw you waiting in that line  
You see that line, you was waiting and I created it  
I found a path and got used to it  
And now I'm mates with it  
When you're asking for love  
You get [?] of it  
I do it all the time  
I get stressed all the time  
When in the race, regular, I'm telling ya  
Producers if you got beats, and I'll be belling ya  
Beef, war, crime, yeah I do it all the time  
And I can smell if you're a fake  
My brain levels [?] change the times  
People open up your eyes  
I catch people slipping up  
I used to do it all the time, now  
You won't ever catch me slipping anytime (Yeah)  
It's Eskiboy and I'll be repping everytime (Yeah)

I do it all the time  
I make moves all the time  
I make girls on the dancefloor groove all the time  
Eskiboy

I get the crowd going all the time  
It ain't nothing long  
I make dough all the time  
I do it all the time  
I make moves all the time  
I make girls on the dancefloor groove all the time  
Eskiboy  
I get the crowd going all the time  
It ain't nothing long  
I make dough all the time

I do it all the time, I make dough all the time  
Clockwork, I'm a clocker  
Open-minded all the time  
Street life on the roads, I can find it all the time  
I translated for the ones that don't know, all the time  
I do this for the hood, I show signs all the time  
Me and Rascal, we were repping, from long time  
Every wave around the country comes alive, all the time  
D Double, Doogz, Kano, we smack it all the time  
And other people from the hood  
Come and smack it all the time  
I don't lack it, back in touch  
I get beats all the time  
I'm buy the latest trainers out  
Buy garms all the time  
Girls call me up, tell me 'bout my charms all the time  
My nan says stay away from harm, all the time  
I say "nan, beef to me is just a laugh, all the time"  
Win or lose, I get revenge  
The last laugh all the time, is mine  
I get the last laugh, all the time  
Eskiboy

I do it all the time  
I make moves all the time  
I make girls on the dancefloor groove all the time  
Eskiboy  
I get the crowd going all the time  
It ain't nothing long  
I make dough all the time  
I do it all the time (Tommy Gunz)  
I make moves all the time (AKA, Young Gunz)  
I make girls on the dancefloor groove all the time (Reppin' [?] for Wileout,  
you get me?)  
Eskiboy (Listen)  
I get the crowd going all the time (I'm the real young gunner out here)  
It ain't nothing long (Only 15 but still)  
I make dough all the time

I'm in the hood all the time  
I'm with my boys all the time  
Do no good, all the time  
I want fans all the time  
I want fame all the time  
Laughs and jokes and big games all the time  
I want money all the time, I want creps all the time  
But they're just things you don't get all the time  
You have to work all the time  
Work hard all the time  
I know it's hard all the time (You get me?)  
But that's just life (Brazen)  
It's just hard all the time (Rah)

How many times have I said it before?  
I got my eye on the time and I ain't waiting about  
Any second I mind flip  
And I can assure you, all the time I'm getting signed  
Someone's lying about me  
Without any purpose  
You're a germ on my shirt, tryna get through the surface  
You couldn't hurt me, I'm alert all the time  
I stay on the grind, I'm working  
I'm searching to find a true [?] to work in  
If she's on it all the time
