

My Echo

Rolling Blackouts Coastal Fever

Count all the pangs that ache while you lay there
Keep on the screen, but in between, you wait there

I keep hearin' the sound of my echo
From deep in the ravine, oh-oh
I'm trippin' on the sound of my echo
In the reverie, oh-oh

I keep my hearing as I pass through
Community of silence
Community of sorrow
I keep my hearing as I pass through
Tomorrow from in another state
Try to paint yourself in colour
Come on and be a winner
Oh, take another shot

I keep hearin' the sound of my echo
From deep in the ravine, oh-oh
I'm trippin' on the sound of my echo
In the reverie, oh-oh

Broken morning sheen, cracking in the sun
I could never see that far away
Broken morning sheen, cracking in the sun
I could never see that far away

I keep hearin' the sound of my echo
From deep in the ravine, oh-oh
I'm trippin' on the sound of my echo
In the reverie, oh-oh
