

They don't know, they don't know, they don't know
They don't know a thing about us
They don't know, they don't know, they don't know
They don't know a thing about us (they don't know)

I told your mum and I told your dad
I was made for you
They looked at me and laughed and said
Son you're a fool
But you know it and I know it
We've got nothing to lose
So let's do it, let's commit
And say I do

'Cause I'll be waking up next to you
And it'll be all yours, let's just cruise
I'll be waking up next to you
And it'll be all yours, let's just cruise

Let's just cruise
Let's just cruise
Let's just cruise
Let's just cruise
Let's just cruise
Let's just cruise
Let's just cruise
Let's just cruise, yeah

I told myself I won't let you down and it's true (no way)
And I told you before I die my love I'll prove
It might not be how we planned it but in life there's no rules, yeah
I have your hand, you got my arms and your love this fool

I'll be waking up next to you
And it'll be all yours, let's just cruise
I'll be waking up next to you
And it'll be all yours, let's just cruise

Let's just cruise
Let's just cruise
Let's just cruise
Let's just cruise
Let's just cruise
Let's just cruise
Let's just cruise
Let's just cruise, yea

No pressure, no pressure
No pressure, [?]
