

# Driver

Romain Virgo

Even if the sky is falling down  
Walk through the fire, through the flames

Baby I can be your driver  
Drive you anywhere you want to  
I can be your soldier  
Yes Imma fight for you  
Fight fi your love like

Oh oh oh, oh oh oh  
Oh oh oh, oh oh  
(Fight fi your love like, girl)  
Oh oh oh, oh oh oh  
Oh oh oh, oh oh

If you give your all to me it's alright  
I won't treat you like them other guys  
With me you are safe  
Take me to your secret place

I just wanna slide in, slide into your ocean  
Dive in, we gon' make a big commotion  
Vibing, yea you love di vibe  
Never knew love like this before

Cause if you're lost on your way Imma find you  
And if you cry out for help Imma hear you  
And if it's time that you need  
I'll give you love and affection, oh oh

Baby I can be your driver  
Drive you anywhere you want to  
I can be your soldier  
Yes Imma fight for you  
Fight fi your love like

Oh oh oh, oh oh oh  
Oh oh oh, oh oh  
(Fight fi your love like)  
Oh oh oh, oh oh oh  
Oh oh oh, oh oh  
(Fight fi your love like)

Let me be the first to see when you wake  
My heart is yours, girl, it's yours to take  
Until the end of days  
Take me to your secret place

I just wanna slide in, slide into your ocean  
Dive in, we gon' make a big commotion  
Vibing, yea you love di vibe  
Never knew love like this before

Cause if you're lost on your way Imma find you  
And if you cry out for help Imma hear you  
And if it's time that you need  
I'll give you love and affection, oh oh

Baby I can be your driver  
Drive you anywhere you want to  
I can be your soldier  
Yes Imma fight for you  
Fight fi your love like

Oh oh oh, oh oh oh  
Oh oh oh, oh oh  
Oh oh oh, oh oh oh  
Oh oh oh, oh oh
