

# Face To Face

Romain Virgo

I have a picture here in a frame  
I kiss it every night, hope she does the same  
This girl I'm talking, we met on a train  
While I was on tour last year in Spain

We were face to face  
When she asked what's my name  
I looked her in the eyes  
And said I'm your man

We were face to face  
When she asked me again  
I looked at her and smiled  
And said I'm Romain

Oh, lady, when will I see you again?  
Lady, I'm going insane  
Oh, lady, it's been too long  
So I wrote this song and I'm telling the world  
How much I miss you girl

Yes I have your picture here in a frame  
I kiss it every night, I hope you do the same  
This love of mine, we met on a train  
While I was on tour last year in Spain

We were face to face  
When you asked what's my name  
I looked you in the eyes  
And said I'm your man

We were face to face  
And you asked me again  
I looked at you and smiled  
And said I'm Romain

Oh, lady, when will I see you again?  
Lady, I'm going insane  
Oh, lady, it's been too long  
So I wrote this song and I'm telling the world  
How much I miss you girl

We were face to face  
When you asked what's my name  
I looked you in the eyes  
And said I'm your man

We were face to face  
And you asked me again  
I looked at you and smiled  
And said I'm Romain

Oh, lady, when will I see you again?  
Lady, I'm going insane  
Oh, lady, when will I see you again?  
Lady, I'm going insane

Oh, lady, when will I see you again?  
Lady, I'm going insane  
Whoa, lady, when will I see you again?  
When will I see you, ey  
When will I see you, ah  
When will I see you, lady  
When will I see ya  
I wanna see ya, yeah  
How can I see ya, uh  
'Cause I'm love sick, I'm love sick  
And I wanna see ya, ooh  
I can't wait to see ya, shawty  
I wanna see ya, ah  
I wanna see ya, I need to see ya lady
