

Lifted

Romain Virgo

Cover my face, but I'm still the same
Trying to block the vision
But you can't stop the mission
Taking your space, that can't be replaced
Love is all that I know
I leave the people follow
Yes, I, ignite, I live to rise
With everything single stride

Lifte-e-e-e-e-e-e-e-d
Lifte-e-e-e-e-e-e-e-d
Lifte-e-e-e-e-e-e-e-d
Lifted up, the best is yet to come
