No sir, something nuh right

I just cyaan sleep
Cyaan sleep good at night
Oh baby, but I'm blazing daily
And I'm smilin' endlessly
Now you have me wondering
What have you done to me

Uh! A you make me be like this
You have me inside exotic
And now I'm wondering if I'm lovesick
Is this real or is it a myth
I know I'm not going crazy
Me a wonder if me a lose me mind
But if I'm not losing it
Why am I feeling this
Maybe it's a sign

You should be next to me, aah
Baby, I'm dreaming of you
I mean, lately
Baby, where are you
I hope you're feeling lonely
Cyaan sleep without you
I cyaan breathe without you

And like steel to magnet
Just like melody you doing the rite (rite)
So me really waan we love fi (stick)
Like a glove with the perfect fit
You give me goose bumps (every time)
Make me smile without even trying
So if I'm not losing it
Why am I feeling this
Maybe it's a sign

You should be next to me, aah
Baby, I'm dreaming of you
I mean, lately
Baby, where are you
I hope you're feeling lonely
Cyaan sleep without you
Cyaan breathe without you

It's been fourteen days, fifteen hours
Daily, since you been gone away, yeah - yes, yeah
And until that day, when I see (your face)
Don't you worry, I'll be at the same place
'Cause I know and I know and I know

You should be next to me, aah
Baby, I'm dreaming of you
I mean, lately
Baby, where are you
I hope you're feeling lonely
Cyaan sleep without you

Cyaan breathe without you

Uh! Yeaah, yeah
Woo-woo-woo-woo - yeah
Ooh, woo-ooo-ooo
Ooo-ooo-ooo

You should be next to me
Baby, I'm dreaming of you
I mean, lately
Woman, where are you
I hope you're feeling lonely
Cyaan sleep without you
I cyaan breathe without you

You should be next to be, aah
Lady, I'm dreaming of you
And me and me and me
Baby, where are you
I hope you're feeling lonely
Cyaan sleep, cyaan breathe
Cyaan do a thing without you

It just nuh right, I cyaan sleep
Cyaan sleep good at night, oh baby
But I'm blazing daily
Smilin' endlessly
You have me wondering
What have you done
What have you done
What have you done to me, me, me
Oh girl
