

Will You Be There

Romain Virgo

Baby, baby

If I go down and I lose it all
If I lose my mind would you watch me fall
If we should lose everything that we have now, baby
If I go down and I lose it

Will you be there baby?
Will you be there baby?

If there comes a day, it all goes away
Tell me would you stay beside me
Even in the rain, storm and the pain
Honey would you lay beside
If I needed to take every step
Tell me would you walk beside
Would you stick around
Not leave me underground

Baby tell me if I go down and I lose it all
If I lose my mind would you watch me fall
If we should lose everything that we have now, baby
If I go down and I lose it

Will you be there baby?
Will you be there baby?

This is not a joke but if I was broke
Would you work overtime and hold it down
If you had to move to a smaller place
Tell me would you say you're ready
If I stray and I lost my way
Would you be brave and tell me
Would you stick around
Or leave me underground

Baby tell me if I go down and I lose it all
If I lose my mind would you watch me fall
If we should lose everything that we have now, baby
If I go down and I lose it

Will you be there baby?
Will you be there baby?

Oh yeah

I'm asking for you to be honest with me
We need to be ready if you really love me
I'm asking for you to be honest with me
We need to be ready if you really love me

Will you be there baby?
Will you be there baby?
