

# Yours

Roman Alexander

If I was a getaway car  
A hand me down guitar  
Full moon, last call, last chance  
If I was a Friday night  
Anything cold and light  
Any song that makes you wanna dance

If I was a tucked away tattoo  
A firecracker fuse  
A little make you smile memory  
If I was a laugh you couldn't hold back  
A playlist full of Johnny Cash  
Or somebody's meant to be  
If I was a sunset or a long kiss  
White sand on your favorite shore  
Girl, I'd wanna be yours

You lay the miles on me  
It's like windows down and free  
Down some one car midnight road  
Go ahead and drink my wine  
You can take all my time  
I'll let you in on what you already know

If I was a tucked away tattoo  
A firecracker fuse  
A little make you smile memory  
If I was a laugh you couldn't hold back  
A playlist full of Johnny Cash  
Or somebody's meant to be  
If I was a sunset or a long kiss  
White sand on your favorite shore  
Girl, I'd wanna be yours

Oh, every word in every song you sing  
Oh, yeah I wanna be your everything

If I was a tucked away tattoo  
A firecracker fuse  
A little make you smile memory  
If I was a laugh you couldn't hold back  
A playlist full of Johnny Cash  
Or somebody's meant to be  
If I was a sunset or a long kiss  
White sand on your favorite shore  
Girl, I'd wanna be yours

Yeah, I'd wanna be yours  
Girl I'd wanna be yours
