Roman Lob

You see what's here in my heart
The dreams to be what I am meant to be
And no one has listened to the one here inside
It's time for me to be heard and make it right

I trust people who never believed in me
I should have known better
They never knew me
I will be turnin' in what they want me to be

And when I'm lost
You know what I'm feelin'
You always see me, you believe in who I am
And what I can be

Cause you, you always find me when I'm lost
You take me back every time I lose my way
And now I know there is one place where I belong
Baby with you I'm home

You stay with people like me
Calling names, these are the people I call friends
And every time I think I have to prove myself again
You were there to remind me who I am

You always pick me up
When I get lost in this world full of doubts and regrets
You know I'm more than what they made of me

And when I'm lost
You know what I'm feelin'
You always see me, you believe in who I am
And what I can be

Cause you, you always find me when I'm lost
You take me back every time I lose my way
And now I know there is one place where I belong
Baby with you I'm home

You see what no one else can see
Within my soul
When I forget where I belong
You were there to droove me on
I believe that you would bring me up
Baby it's true
Baby it's true I'm home
Whenever I'm with you
